

## DRA Symposium

Monday, 4 April 2016, 13:00 – 16:00

### Translational Safety Studies with emphasis on Drug Induced Liver Injury (DILI)

---

University of Copenhagen, Faculty of Health and Medical Sciences, PharmaSchool, Universitetsparken 2, Copenhagen Ø, Auditorium 3

---

#### Programme

- Moderator:** Harrie M.C. Boonen, Department of Drug Design and Pharmacology, University of Copenhagen
- 13:00-13:20 **Setting the scene – also from a regulatory point of view**  
Ole J. Bjerrum, Department of Drug Design and Pharmacology, University of Copenhagen
- 13:20-13:40 **Early monitoring for first human dose**  
Niels C. Berg Nyborg, Preclinical Development Management, Novo Nordisk A/S
- 13:40-14:40 **Bill Bowman lecture: Discovery and qualification of translational mechanism-based biomarker for investigating clinically relevant drug-induced liver injury**  
Daniel Antoine, MRC Center for Drug Safety Science, University of Liverpool
- 14:40-15:00 **Oligonucleotide hepatotoxicity: same as small molecules or different?**  
Yann Tessier, Roche Denmark
- 15:00 **Coffee break**

**Moderator:** Ole J. Bjerrum, Department of Drug Design and Pharmacology, University of Copenhagen

15:30-15:50 **Good, Better, Best – Safe, Safer, Safest**

Harrie C. M. Boonen, Department of Drug Design and Pharmacology, University of Copenhagen

15:50-16:20 **Clinical aspects of DILI**

Lars E. Schmidt, Department of Hepatology, Copenhagen University Hospital, Rigshospitalet

16:20-16:55 **Panel session: Q & A and discussion with lecturers**

16:55-17:00 **Closing remarks**

Harrie C. M. Boonen, Department of Drug Design and Pharmacology, University of Copenhagen

17:00-18:00 **Reception by courtesy of the British Pharmacological Society**

---

### **Exhibition**

The British Pharmacological Society will be represented by professor Iain Greenwood, Vice President - Policy & Public Engagement and Teesha Bhuruth, Membership and Community Officer.

### **Acknowledgement**

The symposium is organized by Ole J. Bjerrum (ojb@sund.ku.dk) and Harrie Boonen (hcmb@sund.ku.dk) on behalf of Drug Research Academy, The Faculty of Health and Medical Sciences; The British Pharmacological Society, The Danish Society for Pharmacology, Toxicology and Medicinal Chemistry and Copenhagen Center for Regulatory Science.

### **Registration**

Participation is free of charge and is open for attendance by all interested parties. **Registration for the lectures is not required but requested to meet the serving requirements for the reception. Please register directly on the website or by mail to Birgitte Søndenskov (birgitte.soendenskov@sund.ku.dk).**
